

TRWA Water Quality Monitoring Field and Chain of Custody Sheet

Team (Site IDs): _____ Date: _____

Volunteer Names: _____

Sample ID #	Collection Time	Water Temp. °C	Comments (see examples below)
			Water Color: e.g. Clear, Tea, Brown, Gray, Green
			Water Odor: e.g. None, Gas/Oil, Chlorine, Rotten Eggs
			Tide: e.g. High, Low, Outgoing, Incoming

Dissolved Oxygen (DO) Sample Treatment:

* DO Sample is collected in a glass Wheaton BOD bottle minimizing bubble entrainment and stored in a cooler with a blue ice pack with the other samples collected until delivery to the laboratory.

Requested Analysis:

Contract Lab (Microbac)

Enterococci Bacteria (EN)
Nitrate - Nitrogen (NO₃ - N)
Total Phosphorus (TP)

Veolia - Taunton WWTP Lab

Dissolved Oxygen (DO) by calibrated lab meter
pH by calibrated lab meter
Total Suspended Solids (TSS) turbid samples only

Temperature - Measured by samplers in field, reported by Veolia with time of sample collection, DO, pH, and TSS results.

Chain of Custody

Relinquished by: _____ Date: _____ Time: _____

Received by: _____
